

PTE Exam Practice Test PDF 2026

This sample practice booklet contains example questions and model answers for educational practice. The examples are original and are not official Pearson exam questions.

1. Speaking – Read Aloud

Question: Renewable energy is becoming an important source of electricity around the world because it reduces pollution and protects the environment.

Sample Answer: Read the passage clearly with natural pronunciation, correct stress, and steady pace.

2. Speaking – Answer Short Question

Question: What do we call water that turns into ice?

Answer: Frozen water.

3. Writing – Summarize Written Text

Question: Summarize a passage about climate change in one sentence (5–75 words).

Sample Answer: Climate change is increasing global temperatures, affecting ecosystems, and requires international cooperation to reduce emissions and protect the environment.

4. Writing – Essay

Question: Some people think online education is better than classroom learning. Discuss both views and give your opinion (200–300 words).

Sample Answer: Online education offers flexibility and allows students to learn from any location, while classroom learning provides direct interaction with teachers and classmates. Although online learning is convenient and often more affordable, face-to-face education encourages communication, teamwork, and immediate feedback. In my opinion, a combination of both methods is the best approach because students benefit from technology while still developing interpersonal skills in a classroom environment.

5. Reading – Multiple Choice

Question: Why are electric vehicles becoming popular?

- A. They are louder.
- B. They reduce fuel consumption and emissions.
- C. They use more petrol.
- D. They are slower.

Correct Answer: B

6. Listening – Write from Dictation

Practice Sentence: Technology has changed the way people communicate every day.

Correct Answer: Technology has changed the way people communicate every day.

Study Tip

Practice under timed conditions, review your mistakes, and focus on pronunciation, grammar, vocabulary, and spelling to improve your PTE score.
